Aligning Strategy to Day-to-Day Operations

Presented by Shannon Muller, Department of Energy's Kansas City National Security Campus

Is your organization struggling with how to align strategy to day-to-day operations, accountability, sustainment, etc.? This Workshop is for you! Let us help you with some common struggles organizations are challenged with. We will provide some of the needed tools to help your organization to implement strategy, how to track performance, understand the importance of a management operating system, and the process for daily accountability.

Shannon Muller is the Operational Excellence Manager & Honeywell Operating System Site Leader at Honeywell. She has more than 10 years' experience with Lean Six Sigma methodologies, deploying process improvement, facilitation, coaching, and training. She has her Bachelor's Degree in Business with concentration in management and a Masters of Business Administration.
