AQN Networking Event

Albuquerque Quality Network (AQN) is hosting an evening Networking Event at Nexus Brewery. Take some time out of your busy week to relax and network with your colleagues in the quality professions. The restaurant will be filled with Quality conversation and provide an opportunity for you to socialize, share, and discover a variety of experiences and quality journeys. Keeping with AQN's local Albuquerque theme, Nexus is a local brewery and restaurant, and boasts numerous craft beers paired with their unique New Mexican Soul Food.
